The Society for Academic Specialists in
General Obstetrics and Gynecology

“...to support education and scholarship, while fostering excellence in research among academic generalists”

From SASGOG Goals

The Society for Academic Specialists in
General Obstetrics and Gynecology

- To this end, the Scientific Taskforce performed a Needs Assessment survey among SASGOG membership
- Goal: to provide a High Value program tailored to the research needs of the Academic Generalist

Survey sent to 333 members

Responded: 58 members (17.4%)

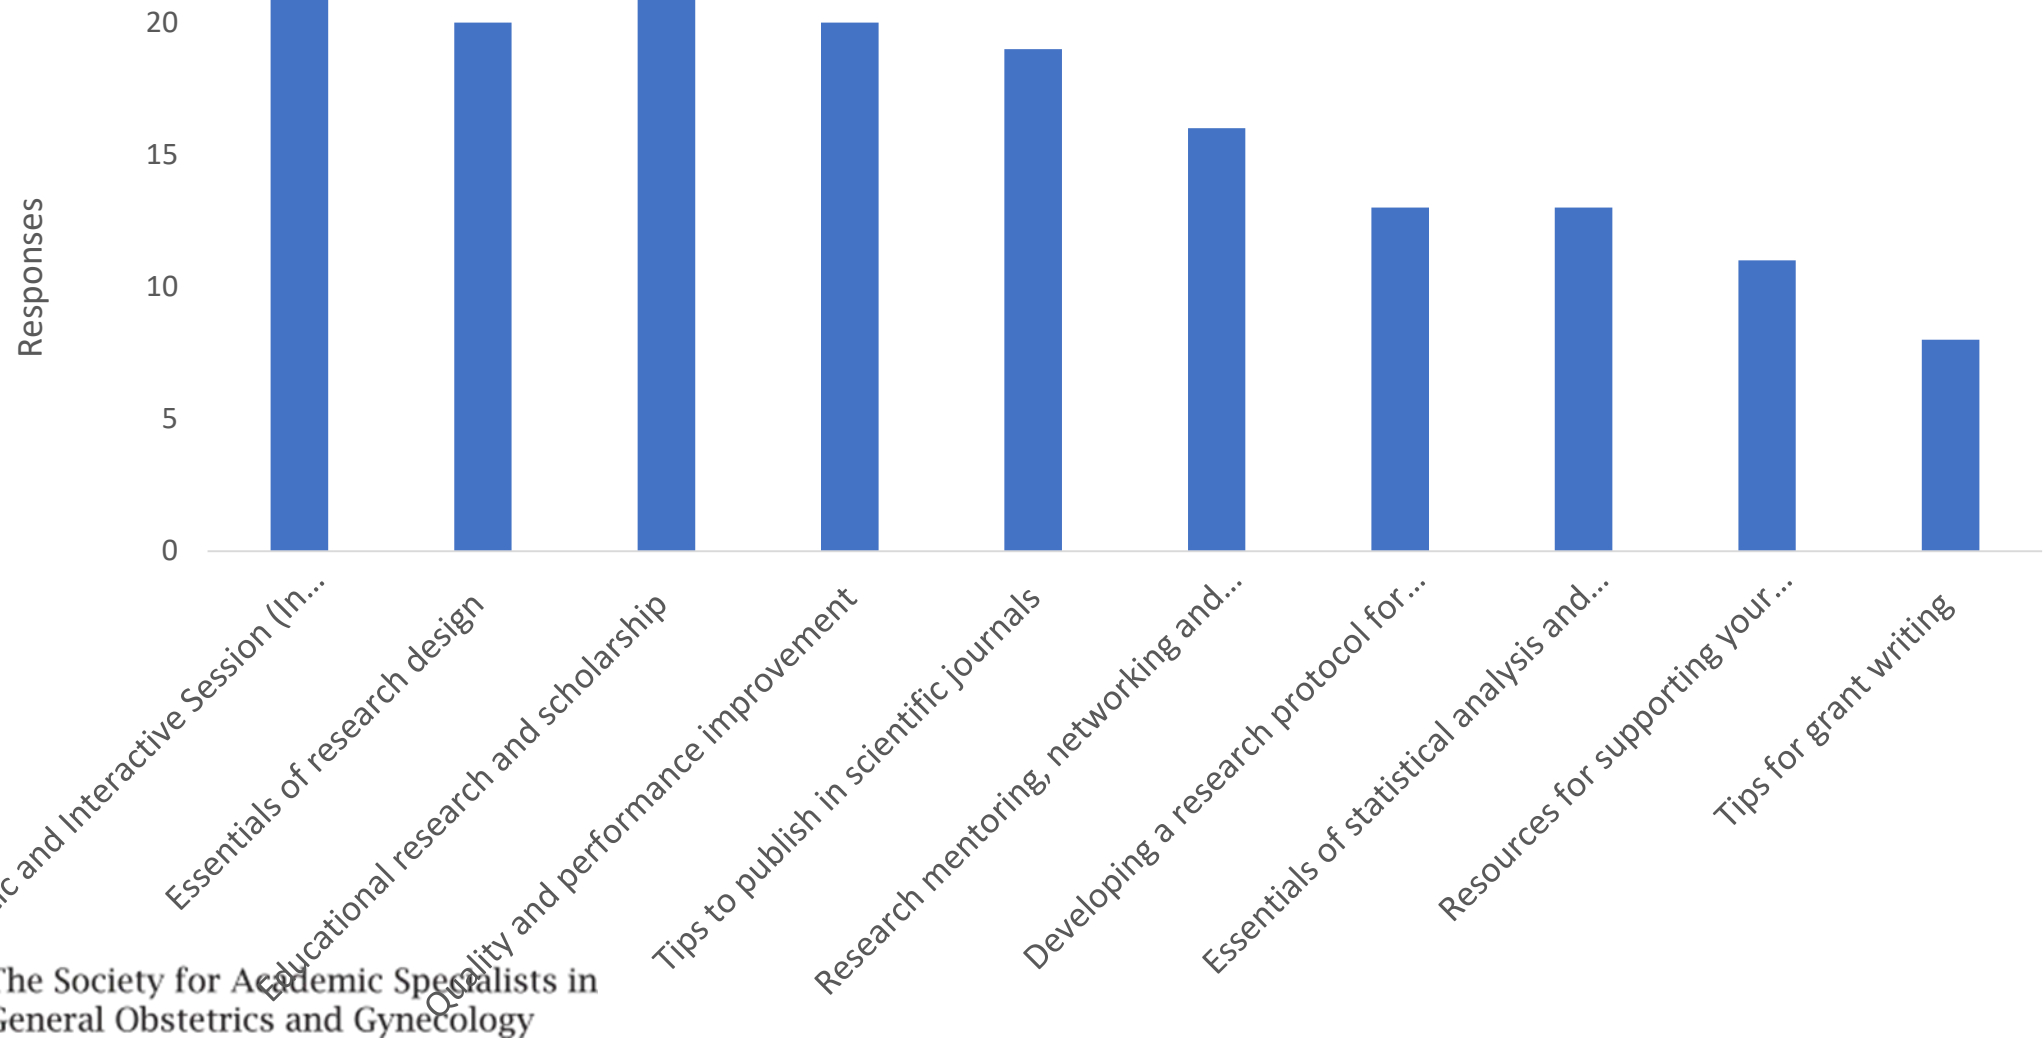

Yes, a program is needed: 52 members (90%)

General Obstetrics and Gynecology

Proposed SASGOG Research Program

- A combination of in-person and online modules
- Total in-person time: 8 hours divided:
 - 4 hours session during APGO meeting in March
 - 4 hours session the afternoon before SASGOG meeting in May
- Online modules to be completed:
 - Before, and
 - In between the 2 in-person sessions

Online Modules

4 hours
In-Person Session
APGO Meeting
in March

Online Modules

4 hours
In-Person Session
The afternoon before SASGOG Meeting
in May

Content

- Finding your research niche and getting started
- Essentials of research design
- Educational research and scholarship
- Quality and performance improvement studies
- Tips for publishing your research in scientific journals

Format

- Workshop style
- A combination of:
 - Didactic: underlying principles
 - Real life application
- Participants encouraged to have a specific project
- Participants encouraged to present their research to next year meeting
